

# frontiers of biogeography

the scientific magazine of the International Biogeography Society

volume 1, issue 2 - december 2009

ISSN 1948-6596

---

**news and update**

- Bern Convention Group of Experts on European Island Biological Diversity: an international network to preserve island biodiversity, by P.A.V. Borges 35
- Decomposing beta diversity, by N.J. Gotelli – Of refugia and colonization, an innovative use of biogeography for climate studies, by J.H. Thorne – More uncertainty with BIOMOD, by N.E. Zimmermann 36
- commentary:** Geographic patterns of establishment success among exotic bird populations, by P. Cassey 39
- commentary:** Colonization of the arctic archipelago Svalbard, by I.G. Alsos 41
- commentary:** A Darwinian approach to community ecology, by R.P. Freckleton 44
- symposium summary:** The importance of being small: does size matter in biogeography?, by D. Fontaneto & J. Brodie 46
- congress summary:** EMAP1 10: Bridging approaches to plant invasions, by J. Alexander & A. Pauchard 48
- book review:** A book for our time, by R. Grenyer 50
- thesis abstract:** Potential impacts of climate change on the distribution of freshwater fishes in French streams and uncertainty of projections, by L. Buisson 52
- thesis abstract:** Understanding the evolutionary radiation of the mega-diverse Monkey Beetle fauna (Scarabaeidae: Hopliini) of South Africa, by J.F. Colville 56

**opinion and perspectives**

- perspective:** Trans-realm biogeography: an immergent interface, by M.N Dawson 62

**membership corner**

- from the society:** A new membership manager for the IBS, by Karen Faller – Nomination of IBS officers, by Vicki Funk 71
- IBS-sponsored events:** Conservation biogeography: Integrating biogeography and conservation science in a changing world 72
- from the members:** Re-unite Gondwanaland!, by H. Adersen 73
- from the members:** Alan Graham awarded for his career 75
- Job announcements 75
- Upcoming meetings 76
-
